If It Bleeds, It Leads :: Media Population-Terrorism Connection

Mainstream Access-to-Discourse Editors censorship¹ of non-violent political grievances and problem solving activism facilitate a pressure cooker socio-political reality for their 'If it Bleeds, It Leads' corporate propaganda profits, in their knowledge application of:

- ❖ Overpopulation² colliding with resource scarcity is one of the main causes of terrorism: 'As long as there is some possibility of getting results by political means, the chances that any political group or individual will turn violent are truly radically small, or maybe vanishingly small³;
- ❖ 'The exposure in the media is what gets people's attention. People follow what is happening in the news, not what is happening in the courts⁴;
- ❖ '(Editors) abuse of media power, by means of strategies whereby they abuse public discourse/free speech resources; by providing certain parties with preferential and special access to such public discourse, and severely restricting or denying others any access to such public discourse⁵;
- ❖ Mainstream media avoid addressing or enquiring into root causes of problems as reported in *How and Why Journalists Avoid Population - Environment connection*⁶; and censor non-violent root-cause problem solving activism⁷.

Put Simply: Terrorists and their Victims are to the Corporate Media and Political Elite, what Bad Newz Kennels⁸ pitbulls Mel⁹ and Georgia¹⁰ were to Michael Vick, Purnell Peace, Quanis Phillips and Tony Taylor. When editors deliberately deny problem solving political activists access to public discourse to raise consciousness about the ecological, political, psychological etc socio-political problems in communities that require solving; they create a socio-political pressure cooker environment, where the problems get worse and worse, and the activists are forced to confront the reality that their only access to public discourse problem solving on their issues of concern is: violent terrorism, the more spectacular and brutally violent, the greater the 'If It Bleeds, It Leads' coverage; and un/fortunately the greater the Corporate Media Profits, and Politicians ability to use such violence for their own agenda's of greater state tyranny control.

¹ "The moderate blacks were not selling the papers. We were presenting a non-violent strategy, that did not say 'Burn, baby Burn'. A strategy that said people must come together and sit down around a negotiating table. And this is not sensational stuff; it does not sell the papers." - Rev. CENSORED: The War You Don't See: Scientific Journalism Campaign

The Australian: Don't shoot messenger for revealing uncomfortable truths¹¹

"We work with other media outlets to bring people the news, but also to prove it is true. Scientific journalism allows you to read a news story, then to click online to see the original document it is based on. That way you can judge for yourself: Is the story true? Did the journalist report it accurately?"

TechPresident: Julian Assange's Vision of a 'Scientific Journalism'¹²

Assange told me, "I want to set up a new standard: 'scientific journalism.' If you publish a paper on DNA, you are required, by all the good biological journals, to submit the data that has informed your research—the idea being that people will replicate it, check it, verify it. So this is something that needs to be done for journalism as well. There is an immediate power imbalance, in that readers are unable to verify what they are being told, and that leads to abuse." Because Assange publishes his source material, he believes that WikiLeaks is free to offer its analysis, no matter how speculative. In the case of Project B, Assange wanted to edit the raw footage into a short film as a vehicle for commentary. For a while, he thought about calling the film "Permission to Engage," but ultimately decided on something more forceful: "Collateral Murder."

Radical Honoursty EcoFeminist 'Scientific Journalism' Submission to SA ConCourt¹³:

[Request and Order] to issue an advisory ruling, with expert witness input from Wikileaks and/or Open Leaks 'scientific journalism' experts, in support of a clear classification system of 'media corporations'; similar to Hotel Star Ratings and Smoking Label warnings.

For example: (a) Three Star Media Corporations practice unbiased and politically incorrect scientific journalism: the truth, wherever it leads; (b) Two Star media corporations practice left or right ideological propaganda when it contradicts scientific journalism truths, and withhold from their readers access to the original documents they are reporting their bias upon; (c) One Star gutter yellow smear propaganda journalism, which has no interest whatsoever in scientific truthful reporting, only profiting from spreading gossip and malice.

All media corporations are required to publish their 'scientific journalism' hierarchical star status, in a designated space on their front page, clarifying their Star Status, and what that start status means regarding the scientific journalism or not quality of factual information being sold to the reader: (A) Truthseekers; (B) Left or Right Propaganda seekers; (C) Morons..

Consequences of Lack of Scientific Journalism:

Censored from Causes of War Enquiries¹⁴:

John Pilger Letter: I was curious whether your documentary negligently or consciously avoided including two fundamental root cause issues in the promotion of war (in which the media play a primary role); but which your documentary did not address at all. In the absence of root causes problem solving; any problem cannot be solved; and hence any documentary or policy which fails to address the root causes of any problem; is nothing less than bullshit the public PR image management.

1: Population Growth Cannon Fodder Breeding Wars

The media play a direct role in encouraging population growth and covering up the local, national and international resource war consequences of population growth colliding with finite or declining resources; as documented in among others Dr. T. Michael Maher's study: *How and Why Journalists Avoid the Population-Environment Connection*.

2: Media's Obsession with Political Correctness and Vilification of Radical Transparency Cultures, enables it to profit from War as Social Release of Suppressed Tensions from the boredom of Political Correctness:

Role of War in Political Correct Cultures:

"War as a general social release. This is a psychosocial function, serving the same purpose for a society as do the holiday, the celebration, and the orgy for the individual---the release and redistribution of undifferentiated tensions. War provides for the periodic necessary readjustment of standards of social behaviour (the "moral climate") and for the dissipation of general boredom, one of the most consistently undervalued and unrecognized of social phenomena.

"War fills certain functions essential to the stability of our society; until other ways of filling them are developed, the war system must be maintained -- and improved in effectiveness." -- Excerpt from *Report from Iron Mountain on the Possibility and Probability of Peace*

Radical Transparency Culture's¹⁵ Substitute the Orderly Boredom of Political Correctness culminating in Treason and Rage; with the Adventure of Continuous Psychological Growth by means of Constructive Criticism:

In order to live in reality we need to know what is true, especially those things that we would rather not be true, so that we can decide how best to deal with them. Radical Transparency cultures want logic and reason to be the basis for making decisions, striving for transparency by being radically truthful and transparent is the foundation for building meaningful work and meaningful relationships".

Whores of the Court :: The Myth of Mental Illness

'There is no such thing as mental illness. Psychiatric diagnosis of 'mental disorders' is just a way of stigmatising behaviour that society does not want to live with. Psychiatry thrives on coercion and is replacing religion as a form of social control.'
- Dr. Thomas Szasz

"There is no such thing as a mental disorder. A mental disorder is whatever someone says it is, and if the person saying "This is a mental disorder", has enough power and influence, then people believe 'Oh, that is a mental disorder'. - Dr. Paula Caplan, Harvard

"Biological psychology/psychiatry is a total perversion of medicine and science, and a fraud." - Neurologist Fred Baughman

"The entire enterprise of defining mental disorder is pointless, at least in so far as the goal is to allow us to recognize 'genuine' or 'true' disorders" - Dr. Mary Boyle, *Schizophrenia: A Scientific Delusion?*

"DSM is a book of tentatively assembled agreements. Agreements don't always make sense, nor do they always reflect reality. You can have agreements among experts without validity. Even if you could find four people who agreed that the earth is flat, that the moon is made of green cheese, that smoking cigarettes poses no health risks, or that politicians are never corrupt, such agreements do not establish truth." - Herb Kutchins & Stuart A Kirk, *Making us Crazy: DSM: The Psychiatric Bible and the Creation of Mental Disorders*,

"To admit the central role of value judgments and cultural norms (in the creation of the DSM) is to give the whole game away. The DSM has to be seen as reliable and valid, or the whole enterprise of medical psychiatry collapses." -- Lucy Johnstone, *The Users and Abusers of Psychiatry*

"(Alleged Mental Disorders) are based on a grab-bag of checklists for disorders that are published in a book called the DSM; which is the Diagnostic and Statistical Manual of Mental Disorders. There are no statistics in this book, by the way. That just makes it sound more scientific." -- Dr Margaret Hagen, Professor of Psychology, Boston University

Arif Akhundzada¹⁶:

Arif Hasan Akhundzada is 43, and the Pakistan executive member of the Renaissance Vanguard International Political Party (RVI). He is unmarried and lives off the income of his inherited tribal lands. His mother was English. He has college level education and is also a trained pilot. His main activities center around all kinds of reading and writing, and since his (late father's) family has a high standing in our local Pashtun tribal society in both Pakistan and Afghanistan, he also takes part in local social and political activity. His ancestor was originally a Turkoman

Application to Oslo Court for a Writ of Habeus Mentem

Radical Honoursty EcoFeminist Habeus Mentem Application Arguments:

Argument: Quick Summary

If I understand Mr. Breivik correctly, without having had the opportunity to interview him in depth, only from reading his Manifesto: his argument is that multiculturalists are attempting to conquer his country and exterminate his conservative Norwegian heritage and culture; and he considered it his political necessity patriotic warrior duty to object thereto. When his non-violent attempts proved futile due to the Norwegian media who discriminate against conservative Norwegians and their culture; he considered his only option to be to publicize his grievances by means of political necessity violence: terrorism.

While he does not share the political-cultural beliefs of Che Guevarra, Jaan Laaman, Tom Manning, Marilyn Buck, Carlos the Jackal, Nelson Mandela, Robert McBride, etc (left wing terrorists: none of whom were considered by conservative prosecutors to require psychological evaluation, but who were allowed their day in court to take personal and political responsibility for their politically violent criminal acts); I imagine they may find themselves in agreement as to how Mainstream Access-to-Discourse Gatekeeper editors censorship contributed to their decision-making to resort to political necessity violence.

Unfortunately, the root source of this 'terrorism' in my personal opinion, lies in the corruption of the legal system, more specifically in what I refer to as KAFFIR CULTURE, LAWYERS AND LEGISLATION: the KAFFIR LEGAL MATRIX. We live in a legal matrix that has not incorporated the scientific reality into its 'right to breed' legislation, constitutions, bill of rights and responsibilities or treaties, that the earth is flat, resources are finite, and breeding wars should be acknowledged as ACTS OF WAR. Unlike the corrupt Catholic Church who at least had the honour to acknowledge the criticisms of Galileo and Luther, the current corrupt legal religious matrix sale of innocence indulgences establishment, have no such honourable intentions. In the absence of dead and mangled bodies, blood and gore, any modern day Luther or Galileo's 95 Theses would never see the light of day; and frequently even if the Luther or Galileo accomplish the dead and mangled bodies prerequisite, the Kaffir Legal Matrix's political psychology denies them their day in court.

Argument: Brief Overview

1. **Breivik's Manifesto details his clear cognitive, theoretical and kinaesthetic understanding of Individual Criminal Responsibility (i.e. legal sanity)**
 - a. Breivik clearly details his reasoning for how and why he believes that the time for talk and non-violent attempts to reform politically correct cultural Marxist multi-culti democracy were over in *Why the actions of the cultural Marxist/Multiculturalist regimes of Western Europe have rendered armed resistance as the only rational approach*
 - i. Cultural Marxist institutionalised ideological coercion and brainwashing
 - ii. Corruption and feminisation of political parties and individuals by indirect/direct coercion:
 - iii. Systematically import of multiculturalist/socialist voters

- iv. Cultural Marxist/multiculturalist/suicidal humanist/globalist media:
- v. News corporations, controlled by cultural Marxists/multiculturalists, full scale war against cultural conservatism/nationalism:
- vi. Political, cultural and media elites are colluding against the interests of free indigenous Europeans.

2. Breivik clearly and very ‘reasonably’ explains his Political Necessity Motivations for his Political Terrorist acts.

- a. Breivik’s Manifesto (Book 3): A Declaration of pre-emptive War, clearly details his beliefs that the **Conservative Revolution - [is] the only Solution for free Europeans**, wherein he clearly and succinctly (in my opinion) explains his beliefs, and how he came to hold his beliefs, including his perspective to the concept of criminal culpability.
 - b. If the Norwegian politically correct, cultural Marxist multiculti political, religious, academic, media and military elite, consider Breivik’s aforementioned allegations of a political program of political fraud and genocide conducted upon indigenous Norwegians and Europeans to be false and untrue, then the honourable ethical democratic way to prove such allegations false, is to allow him to submit his evidence for his argument, and for the State to submit their evidence to the contrary.
 - c. Denying Breivik a trial, by means of political psychology fake and fraudulent allegations as to his alleged insanity: **PROVES BREIVIKS ARGUMENTS TO BE TRUE.**
3. Breivik clearly details his beliefs that hardcore Marxists, cultural Marxists Multiculturalists are deceiving indigenous Europeans, by implementing a demographic conquering Breeding War Act of War, upon them; in his Manifesto in **Differentiating between and dealing with category A, B and C traitors: hardcore Marxists, cultural Marxists, suicidal humanists/career cynicists and capitalist globalists.**
4. A case study: How the European politically correct cultural Marxist multicultural Anti-Apartheid movement overthrew Verwoerd’s Apartheid by means of political terrorism and an African breeding war; and installed the ANC regime that provides SA’s with between 3,000 to 25,000 percent worse socio-political government services; and turned white South Africans into African White Refugees.
5. If Norwegians ignore the warnings of Anders Breivik; the current experiences of white South Africans, being murdered and exterminated; shall be the experiences of future Norwegians, who shall end up living as persecuted minorities, under Islamic rule.

(2) April 2012:

Application to Oslo Court to Proceed as an Amicus Curiae

Radical Honoursty EcoFeminist Amicus Arguments:

Argument: Quick Summary

The Applicant is of the view that the main application raises novel questions which are crucial for the future credibility of Western Civilisation's **Masculine Insecurity Human Farming**¹²¹ **Kaffir**¹²² **Legal Matrix** conceptualisation of the rule of law and the principle of legality.

The Applicants Amicus written submissions shall (a) address alternative legal arguments to those of both the Prosecution and Defense, i.e. from a Problem Solving Radical Transparency EcoFeminists perspective as opposed to the Prosecution & Defense's Parasite Leeching Masculine Insecurity Patriarchal perspectives; (b) 'argue points deemed too far reaching for emphasis by parties intent on winning their particular Parasite Leeching Masculine Insecurity case'¹²³; (c) 'apprise the court of Problem Solving Radical Transparency EcoFeminists legal, social, economic, ecological and cultural enquiry implications for its consideration'¹²⁴ to allow the court to base its decision on a larger, more comprehensive, and more accurate reality based natural law legal framework; (d) provide the court with hard evidence of (I) non-violent Jus Sanguinis African White Refugee applications filed to European Heads of State for France, Germany, Netherlands, Switzerland, United Kingdom and NATO Military Committee; providing evidentiary arguments for support for a Boer Volkstaat; or Jus Sanguinis Right of Return to Europe for African White Refugees; (II) how former and current UNHCR, ECRE and ELENA Officials deliberately wish to censor the issue of African White Refugees from public scrutiny and knowledge¹²⁵; so that the court's final judgment shall include a Problem Solving Radical Transparency EcoFeminists legal analysis¹²⁶.

I am the only leader in South Africa focussed on Problem Solving¹²⁷. All other political, media, corporate and religious leaders (sic) in South Africa practice Parasite Leeching¹²⁸ Leadership (sic).¹²⁹ I

¹²² Radical Honoursty Definitions of Kaffir are not Racial, but Behavioural: For Example:

* **'Kaffir Behaviour'**: Cultural Beliefs and Procreation Behaviour Definition: Individuals who either independently or as a result of their cultural value systems, are incapable of, or unwilling to, practice sexual restraint and procreation responsibility; who consequently breed cockroach-prolifically without personal financial or psychological responsibility to, or emotional concern for, their offspring; and/or who abuse women and children as sexual or economic slaves procreated for such purpose; and/or whose cultural ideal of manhood endorses non-consensual sex (rape) as their sexual slavery entitlement, etc.

* **'Kaffir Etymology'**: Original Etymological Definition for 'Kaffir': The word kāfir is the active participle of the Semitic root K-F-R "to cover". As a pre-Islamic term it described farmers burying seeds in the ground, covering them with soil while planting; as they till the earth and "cover up" the seeds; which is why earth tillers are referred to as "Kuffar." Thus, the word kāfir implies the meaning "a person who hides or covers"; To conceal, deny, hide or cover the truth.

¹²⁷ **Problem solving leadership** only acts towards solving any problem to enable the problem to be clearly and succinctly defined. Fanclubs and followers are eschewed, advice and suggestions towards clearly defining the problem are accepted based purely on merit of the suggestions, irrespective of individuals social-standing.

¹²⁸ **Parasitical Leeching Leadership** generally choose some kind of ideology whereby they vaguely and ambiguously pretend to solve vague and abstract problems; while the predominant motive is to grow themselves a fan club/following, for their own socio-political or economic benefit. Their Parasite Leadership 'problem solving' deliberately avoids any focus on clearly defining any problem, or any investigation of the root cause of the problem. Their primary focus is to divert their fan clubs attention towards the symptoms of the problem, using emotional blame game language focussed on another Parasitical Leeching Leaders fan club. Such Parasitical Leeching leaders - like WWF Wrestlers - thereby entrench the Parasitical Leeching Leadership paradigm (Fake Left Wing v Right Wing Political Paradigm Explained¹²⁸). Put differently: The bath is overflowing, Parasitical Leeching Leaders focus their fan club on endlessly mopping up the floor; who is mopping, who isn't, etc. All attention towards defining the problem as the running tap is strictly avoided, including vilifying anyone who even mentions the possibility of a tap leaking being the source of the problem. The focus is to

have no followers, because I am not interested in Parasite Leeching Pretend Problem Solving. Individual South Africans who are serious about Problem Solving must sign the ***Honour Contract Oath: I Understand SHARP's Principles & Wish to Join SHARP***¹³⁰, which identifies ***SHARP: Problem Solving Radical Honoursty Accountability: Principles and Problems***.

Problem of Masculine (Reason & Logic) Insecurity: Masculine Insecurity is a direct and indirect root cause and aggravating factor for most of the worlds problems, due to (A) obstructing Radical Transparency communication problem solving, (B) being the cognitive foundation of the anti-Meritocratic Parasite Leeching Leadership (sic) Paradigm; (C) hence propagandizes an exponential growth of Parasite Leeching -- 'walking penis procreation' overpopulation and 'consume to demonstrate the size of my consumption penis'¹³¹ overconsumption -- worldview.

Problem of Overpopulation¹³²: is a direct and indirect root cause and aggravating factor for most of our national and international problems: exponential resource use and decline, local national and international resource wars: crime, poverty, political correctness, etc. Solving the overpopulation problem to reach a state of ecological sustainable carrying capacity requires massive population reduction ...

Problem of Overconsumption¹³³: is a direct and indirect root cause and aggravating factor for most of our nations ecological problems, of which the political and economic problems are simply symptoms of the deeper ecological problems. Peak Nonrenewable Natural Resources shall result in the impending collapse of industrial civilization, which cannot exist without these resources (***Scarcity: Humanity's Last Chapter : A Comprehensive Analysis of Nonrenewable Natural Resource (NRR) Scarcity's Consequences***, by Chris Clugston¹³⁴)

SHARP Professional Ethics and Pragmatism: focus is on "(A) professional ethics is to follow the truth wherever the truth leads us, which can only be done in a radical transparency environment; and (B) pragmatism, is to measure problem solving by what works, rather than emotional or ideological standards or intentions".

My Guerrilla Lawfare Worldview: The Paradox of the Masculine Insecurity Human Farming¹³⁵
Kaffir¹³⁶ **Matrix Court:** Radical Transparency Problem Solving is to the Masculine Insecurity Kaffir Matrix Court; what Martin Luther or Galileo Galilei were to the Catholic Church. The Kaffir Matrix Court system is founded on 'Kaffir Legislation': Inalienable Right to Breed and Vote: Kaffir Law/Legislation provides citizens with the Inalienable 'Right to Breed' and 'Right to Vote', but

perpetuate the problem indefinitely while socio-politically exploiting the problem for personal gain, by means of manipulating the emotions of 'followers', related to the symptoms of the problem. Ninety-Nine percent of the worlds so-called 'leadership' is PARASITE LEECHING LEADERSHIP.

¹³¹ Edward Bernay's 'Father of Public Relations' theories on using Masculine Insecurity to manipulate men and women for corporate purposes: basically to chance independent free thinking (I am my character and values) citizens into consumer zombies (I am my material possessions); as described in:

The Century of the Self: (1) Happiness Machines, by Adam Curtis (BBC) <http://video.google.com/videoplay?docid=9167657690296627941>

¹³² The population of an environment by a particular species in excess of the environment's carrying capacity. The effects of overpopulation can include the depletion of resources, environmental deterioration, and the prevalence of famine and disease. The carrying capacity of a biological species in an environment is the maximum population size of the species that the environment can sustain indefinitely.

¹³³ Over-consumption is a situation where resource-use has outpaced the sustainable capacity of the ecosystem. A prolonged pattern of overconsumption leads to inevitable environmental degradation and the eventual loss of resource bases. Generally the discussion of overconsumption parallels that of overpopulation; that is the more people, the more consumption of raw materials to sustain their lives.

¹³⁶ Radical Honoursty Definitions of Kaffir are not Racial, but Behavioural: For Example:

* **'Kaffir Behaviour'**: Cultural Beliefs and Procreation Behaviour Definition: Individuals who either independently or as a result of their cultural value systems, are incapable of, or unwilling to, practice sexual restraint and procreation responsibility; who consequently breed cockroach-prolifically without personal financial or psychological responsibility to, or emotional concern for, their offspring; and/or who abuse women and children as sexual or economic slaves procreated for such purpose; and/or whose cultural ideal of manhood endorses non-consensual sex (rape) as their sexual slavery entitlement, etc.

* **'Kaffir Etymology'**: Original Etymological Definition for 'Kaffir': The word kāfir is the active participle of the Semitic root K-F-R "to cover". As a pre-Islamic term it described farmers burying seeds in the ground, covering them with soil while planting; as they till the earth and "cover up" the seeds; which is why earth tillers are referred to as "Kuffar." Thus, the word kāfir implies the meaning "a person who hides or covers"; To conceal, deny, hide or cover the truth.

demands that Citizens need a Licence to Own a Gun, a Licence to Drive a Car, a Licence to Practice Law, a television licence, a credit licence, a licence to earn a living, a university exemption licence, a licence to fish, a licence to hunt, a liquor licence, a business licence, a marriage licence, etc, etc.

- ❖ The \$64,000 question: Why does the Masculine Insecurity Human Farming Kaffir Legal Matrix not require citizens to get voting¹³⁷ or breeding licences???
- ❖ Kaffir Legislation covers up that an ‘Inalienable Right to Breed/laissez-faire birth control policy + No Social Welfare policies or practices provides for an equilibrium carrying capacity; whereas Inalienable Right to Breed/laissez-faire birth control within a welfare state, results in Runaway Growth, and ultimately greater misery, poverty and war¹³⁸.
- ❖ Kaffir Legislation covers up that the Inalienable Right to Vote, or Universal Suffrage for the Ignorant is the road to centralisation of power and tyranny.¹³⁹
