Dear Sirs,

Request for Access to Environment and Health Information in terms of S.28 (Freedom of Information Act) and S.10 (Environmental Law) RE: Censorship in Norway's Media: (I) Media's Environment-Population-Terrorism Connection; (II) Norway's Stalinesque Political Psychiatry Tyranny

<sup>1</sup> <http://www.miljoklagenemnda.no/>

On 25 May 2012, correspondence was submitted to each of the respondents requesting information related to their decision-making to censor information related to the (I) Media's Environment-Population-Terrorism Connection; (II) Norway's Stalinesque Political Psychiatry Tyranny. Each respondent was additionally provided a copy of the 22 April 2012 Earth Day: "If It Bleeds, It Leads" Media's Population-Terrorism Connection Report (42pgs)

Respondents were requested to provide such information by 17:00 hrs on 11 June 2012. As of 17:00 hrs on 18 June 2012, all respondents have declined to respond or to provide the information requested.

I am unaware what the legal justifications are for the respondents refusal to provide the information.

As detailed in the requests to the respondents, the information is requested as a matter of public interest for research and transparency problem solving purposes.

Respectfully Submitted

Lara Johnstone
